

Math 1060: Trigonometry

Fall Semester 2022 Tuesdays and Thursdays, 9:10-10:30am; <u>HEB 2006</u>

Instructor: Carlos Ospina

Email: ospina@math.utah.edu or carlos.ospina@utah.edu

Office Hours: Tuesdays & Wednesdays, 1:00-2:00 pm or by appointment

in person

Office Location: My office is in <u>JWB 221</u>

Zoom/IM/Canvas Conference Office Hours: I prefer to meet on Zoom, but in person is ok, email me to arrange a meeting if you can't come during the office hours.

Required Materials

The course uses Math 1060 Trigonometry, 1st Edition (2017). This text was created by a partnership between institutions in the Utah System of Higher Education. You can access the text for free in Canvas.

Course Description

This course covers trigonometric functions, inverses, equations and identities with applications; introduction to vectors.

Course Outcomes

- 1. Understand trigonometric function definitions in the context of right triangles and on the unit circle.
- 2. Graph basic trigonometric functions and those with basic transformations. Be able to write an equation given a graph. Identify amplitude, periods, phase shifts, and asymptotes from graphic and algebraic representations of functions.
- 3. Represent and solve physical world problems using trigonometric functions.
- 4. Use trigonometric inverses correctly, understanding the domain/range restrictions.
- 5. Verify trigonometric identities, using proper logic and use trigonometric identities to evaluate expressions.
- 6. Solve trigonometric equations.
- 7. Solve for all measurements in any triangle, using the Pythagorean Theorem, trigonometric functions, the Law of Sines, and Law of Cosines in a variety of contexts and applications.
- 8. Be able to convert to and from rectangular and trigonometric forms of complex numbers and polar and rectangular forms of coordinates.
- 9. Graph complex numbers in a plane, perform operations on such numbers and interpret this graphically, and use DeMoivre's theorem to find roots and powers of complex numbers.
- 10. Understand geometry and arithmetic operations with vectors and use vectors in application problems.
- 11. Give an equation or verbal description for a conic given a graph of the conic; given an equation of a conic, identify the conic and be able to graph it and describe its attributes.

Teaching and Learning Methods

This course is based on lectures motivated by problems rooted in key concepts and theory. The reason for this is that the material can be learned through computations. Also, there is a team-based learning component to encourage mathematical communication and collaboration.

University Policies

- 1. The Americans with Disabilities Act. The University of Utah seeks to provide equal access to its programs, services, and activities for people with disabilities. If you will need accommodations in this class, reasonable prior notice needs to be given to the Center for Disability Services, 162 Olpin Union Building, (801) 581-5020. CDS will work with you and the instructor to make arrangements for accommodations. All written information in this course can be made available in an alternative format with prior notification to the Center for Disability Services.
 - If in-class attendance is a necessary component of the course for pedagogical reasons (e.g., laboratories, studios, or artistic training), state it explicitly.

Use this standard language: "Given the nature of this course, attendance is required and adjustments cannot be granted to allow non-attendance. However, if you need to seek an ADA accommodation to request an exception to this attendance policy due to a disability, please contact the <u>Center for Disability and Access</u> (CDA). CDA will work with us to determine what, if any, ADA accommodations are reasonable and appropriate

- 2. University Safety Statement. The University of Utah values the safety of all campus community members. To report suspicious activity or to request a courtesy escort, call campus police at 801-585-COPS (801-585-2677). You will receive important emergency alerts and safety messages regarding campus safety via text message. For more information regarding safety and to view available training resources, including helpful videos, visit safeu.utah.edu.
- 3. Addressing Sexual Misconduct. Title IX makes it clear that violence and harassment based on sex and gender (which Includes sexual orientation and gender identity/expression) is a civil rights offense subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories such as race, national origin, color, religion, age, status as a person with a disability, veteran's status or genetic information. If you or someone you know has been harassed or assaulted, you are encouraged to

report it to the Title IX Coordinator in the Office of Equal Opportunity and Affirmative Action, 135 Park Building, 801-581-8365, or the Office of the Dean of Students, 270 Union Building, 801-581-7066. For support and confidential consultation, contact the Center for Student Wellness, 426 SSB, 801-581-7776. To report to the police, contact the Department of Public Safety, 801-585-2677(COPS).

4. COVID-19 Spring 2022 Statement

University leadership has urged all faculty, students, and staff to **model the vaccination**, **testing**, **and masking behaviors** we want to see in our campus community.

These include:

- Vaccination
- Masking indoors
- If unvaccinated, getting weekly asymptomatic coronavirus testing

Vaccination

- **Get a COVID-19 vaccination** if you have not already done so. Vaccination is proving highly effective in preventing severe COVID-19 symptoms, hospitalization and death from coronavirus. Vaccination is the single best way to stop this COVID resurgence in its tracks.
- Many in the campus community already have gotten vaccinated:
 - More than 80% of U. employees
 - o Over 70% of U. students
- Visit http://mychart.med.utah.edu/, http://alert.utah.edu/covid/vaccine, or http://vaccines.gov/ to schedule your vaccination.

Masking

- While masks are no longer required outside of Health Sciences facilities, UTA buses and campus shuttles, CDC guidelines now call for everyone to wear face masks indoors.
 - Check the CDC website periodically for masking updates—
 <u>https://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated-guidance.html</u>
 - Treat masks like seasonal clothing (i.e. during community surges in COVID transmission, masks are strongly encouraged indoors and in close groups outside).

Testina

- If you are not yet vaccinated, get weekly asymptomatic coronavirus tests. This is a helpful way to protect yourself and those around you because asymptomatic individuals can unknowingly spread the coronavirus to others.
 - o Asymptomatic testing centers are open and convenient:
 - Online scheduling
 - Saliva test (no nasal swabs)
 - Free to all students returning to campus (required for students in University housing)
 - Results often within 24 hours
 - Visit <u>alert.utah.edu/covid/testing</u>
- Remember: Students must self-report if they test positive for COVID-19 via this website: https://coronavirus.utah.edu/.
- 5. Undocumented Student Support Statement. Immigration is a complex phenomenon with broad impact—those who are directly affected by it, as well as those who are indirectly affected by their relationships with family members, friends, and loved ones. If your immigration status presents obstacles to engaging in specific activities or fulfilling specific course criteria, confidential arrangements may be requested from the Dream Center. Arrangements with the Dream Center will not jeopardize your student status, your financial aid, or any other part of your residence. The Dream Center offers a wide range of resources to support undocumented students (with and without DACA) as well as students from mixed-status families. To learn more, please contact the Dream Center at 801.213.3697 or visit dream.utah.edu.
- **6.** *Drop/Withdrawal Policies.* Students may drop a course within the first two weeks of a given semester without any penalties. Students may officially withdraw (W) from a class or all classes after the drop deadline through the midpoint of a course. A "W" grade is recorded on the transcript and appropriate tuition/fees are assessed. The grade "W" is not used in calculating the student's GPA. For deadlines to withdraw from full-term, first, and second session classes, see the U's Academic Calendar.
- **7.** Other important information to consider including:
 - a. Student Code: http://regulations.utah.edu/academics/6-400.php
 - b. Accommodation Policy (see Section Q): http://regulations.utah.edu/academics/6-100.php
- 8. Student Mental Health Resources
 - Rates of burnout, anxiety, depression, isolation, and loneliness have noticeably increased during the pandemic. If you need help, reach out for <u>campus mental health resources</u>, including counseling, trainings and other support.

- Consider participating in a <u>Mental Health First Aid</u> or other <u>wellness-themed</u> training provided by our Center for Student Wellness and sharing these opportunities with your peers, teaching assistants and department colleagues
- **9.** *Diverse Student Support.* Your success at the University of Utah is important to all of us here! If you feel like you need extra support in academics, overcoming personal difficulties, or finding community, the U is here for you.

Student Support Services (TRIO)

TRIO federal programs are targeted to serve and assist low-income individuals, first-generation college students, and individuals with disabilities.

Student Support Services (SSS) is a TRIO program for current or incoming undergraduate university students who are seeking their first bachelor's degree and need academic assistance and other services to be successful at the University of Utah.

For more information about what support they provide, a list of ongoing events, and links to other resources, view their website or contact:

Inclusivity at the U

The Office for Inclusive Excellence is here to engage, support, and advance an environment fostering the values of respect, diversity, equity, inclusivity, and academic excellence for students in our increasingly global campus community. They also handle reports of bias in the classroom as outlined below:

Bias or hate incidents consist of speech, conduct, or some other form of expression or action that is motivated wholly or in part by prejudice or bias whose impact discriminates, demeans, embarrasses, assigns stereotypes, harasses, or excludes individuals because of their race, color, ethnicity, national origin, language, sex, size, gender identity or expression, sexual orientation, disability, age, or religion.

Course Policies

<u>Attendance & Punctuality</u>: There is no component to account for attendance in class.

<u>Electronic Devices in Class</u>: Please put all your devices in silence mode, so you do not disturb others.

Canvas: Check the communication section below

Communication:

- All course materials, such as lecture slides, assignments, solutions, grades, etc. will be posted on the Course Canvas site. Class announcements will be done via Canvas. You will be responsible for any information contained in them as well as the information announced in class.
- It is also your responsibility to check your Canvas messages regularly. There will be occasions during the semester that we may need to reach out to you individually (e.g. regarding a grade or assignment) and it is in your best interest to respond promptly.
- Feel free to contact me by email or Canvas message. I will do my best to answer emails promptly. I would like to encourage you to email me only if it

is something personal that requires individual attention, if instead you have questions about logistics of the class, course material and assignments, and anything else your classmates may wonder as well, please post a question on the Discussions Board instead. This way the information is shared quickly to the entire class, and each of you can benefit from seeing other classmates' questions.

- I will always do my best to ensure the communication relevant to the course is clear and transparent, it is your responsibility as well to keep yourself updated by regularly checking: the announcements on Canvas, your Umail, the posts on the Discussions Board, and pay attention to the announcements given in class and Discussion Section.
- Students are expected to log in and check Canvas every day for posted announcements and assignments. Students are also strongly advised to set up notifications for Canvas so they do not miss any important notifications.

Exam Dates: Midterm 1: Thursday, September 15 at 9:10 am; Midterm 2: Thursday, October 27 at 9:10 am; Midterm 3: December 1 at 9:10 am. The final exam is December 15, 1:00-3:00 pm. The only possible conflicts with this schedule occur if you are also taking Business Core 3020 or French 1010, 1020, 2010, or 2020. If you are in one of these classes, work out final exam arrangements with your two instructors within the first two weeks of the semester.

Official Drop/Withdraw Dates: The last day to drop classes is Friday, September 2; the last day to withdraw from this class is Friday, October 21. Please check the academic calendar for more information pertaining to dropping and withdrawing from a course. Withdrawing from a course and other matters of registration are the student's responsibility.

Holidays: There will be no class on October 10-14, and November 24-25.

Grading Policy (Evaluation Methods & Criteria)

Semester letter grades will be converted from numerical semester scores (N) as follows:

```
100 \ge N \ge 93: A93 > N \ge 90: A-90 > N \ge 87: B+87 > N \ge 83: B83 > N \ge 80: B-80 > N \ge 77: C+77 > N \ge 73: C73 > N \ge 70: C-70 > N \ge 67: D+67 > N \ge 63: D63 > N \ge 60: D-60 > N : E
```

The numerical grade consists of several components:

- 15% of final grade: Homework. Homework is delivered online through the IMathAS system. These homeworks will be linked through Canvas and are fully online (no file uploads needed). If you think you have caught a mistake in the online homeworks, email me with an explanation of what you think is wrong.
- 15% of final grade: Quizzes. There will be weekly quizzes delivered in classes. There are 10 quizzes in total, which must be submitted within a given time window. The two lowest quiz scores will be dropped. Quizzes may not be retaken.
- 45% of final grade: Midterms. There will be three midterm exams which are longer than quizzes. These will also be delivered in class. The lowest midterm exam score may be dropped and replaced by a higher final exam grade. Each midterm is worth 20%. If you do not take an exam, that score will not be dropped -- it's best for you in the course to attempt all the assigned work.
- 25% of final grade: Final Exam. The final exam is a comprehensive exam covering all topics in the course. The final exam grade will replace the lowest midterm score.

It is the student's responsibility to ensure the accuracy of all recorded homework, quizzes, online assignments, and exam grades. Also you should keep as record all your graded assignments. If you see any error in your grades on Canvas, reach out to the instructor as soon as possible, or at the latest within two weeks from when the assignment was returned.
